

BARG HF FIELD DAY SATURDAY 5th. DECEMBER 2020.

Building on previous year's events another fun day for BARG members is planned for Saturday 5th December. We hope that you will take the opportunity to operate portable at the place of your choice for as long as you want and even invite friends to join in.

The winner will have their call sign engraved on the club's perpetual "Field Day Trophy" which will be presented at the January BARG meeting.

The winning station will have to have participated as a "FIELD station" not deriving its power from the mains, and not his normal QTH. Field stations can score from any amateur station as they do not have to be BARG club stations. If operators can provide detail of setup and antenna used and perhaps a photo of the field station for inclusion in the BARG News this will certainly add to the spirit of the day.
